Friday 3rd April 2020

Good morning all,

Well, we have reached the end of the spring term. I can honestly say that I have never experienced one quite like it!! This all still seems very surreal; I just hope that this is over soon so we can get back to normal. We miss you all.

Once again, many thanks to all of you that have been doing my challenges. I'm not going to put all the answers out in case people still want to have a go at them over the holiday period.

This will be my last letter to you for a while but once the holiday period is over I will be back with lots more challenges for you.

The riddles seemed to go down well so my last challenge will be a few more of those to solve. Also, there will be a video conference at 1.30pm this afternoon where I am going to try and do some music with you. Your parents will be sent the joining code for this. Hopefully I'll see lots of you later.

I hope you have lots of fun over the holiday period. Don't eat too many Easter eggs, and make sure that you keep up your best behaviour for your parents.

Take care everyone, look after yourselves and your families.

Mr Dyson
Principal

My daily challenge:

1. What has hands but doesn't clap?
2. What goes up but never comes back down?
3. What five-letter word becomes shorter when you add two letters to it?
4. If a red house is made of red bricks, and a yellow house is made of yellow bricks, what is a greenhouse made of?
5. What begins with T, finishes with T, and has T in it?
6. I'm tall when I'm young, and I'm short when I'm old, what am I?
7. What is so fragile that saying its name breaks it?
8. What begins with an E but only has one letter in it?
9. What is easy to get into but hard to get out of?
10. David's parents have three sons: Snap, Crackle and...?
